Have you ever woken up to find that your dreams have come true?

Imagine awakening one day having discovered yourself... Hope wanted to share her love of dance with the world, but got lost along the way. Tragedy coupled with endless problems, changed the path for this single child living with her estranged father... there were no signs that things would ever get any better for the young dancer.

But the inner desire of a better destiny survived, and her soul drove her to achieve her dream. When a mysterious wise man came into Hope's life, her inner flame grew brighter and her life was changed forever... Was this hope or was this her destiny?
